Student Team: True North (Erick Delgado, Hyunchul Jung, Ryan Meech, Juan LaraMoreno,
Duong Tran, Carolyn Fung, Michael Larsen, Amy Lee)

School: Centre for Digital Media, Vancouver, BC

Program: Master of Digital Media

Faculty: Larry Bafia, Senior Lecturer

Project: DMED 521, Projects 2, Vancouver Maritime museum

ACMSIGGRAPH
EDUCATION COMMITTEE

https://youtu.beiYk62PKMMxw

Abstract: The Vancouver Maritime Museum has a desire to partner with the CDM to produce a digital, educational and interactive experience within the wheelhouse of the RCMP St. Roch. The wheelhouse features 5 windows of interest to the scope of this project and a ships wheel.

The project will:
a) Be hands on and interactive by visitors via the ships steering wheel,
b) Use transparent screen projection techniques (or other as determined by the CDM),
c) Feature CGI, animation or other digital techniques (as determined by the CDM) to give the illusion of the ship underway when looking forwards through the windows in various arctic environments, and
d) Be mechanically linked to items in the wheelhouse (lamps) to enhance the sensation of movement.

Student Team: True North (Erick Delgado, Hyunchul Jung, Ryan Meech, Juan LaraMoreno, Duong Tran, Carolyn Fung, Michael Larsen, Amy Lee)

Abstract: The Vancouver Maritime Museum has a desire to partner with the CDM to produce a digital, educational and free standing exhibit package which will:

a) Be hands on and interactive by visitors,

b) Demonstrate the RCMP St. Roch's vessel construction and unique ship design features,

c) Feature CGI, animation or other digital techniques (as determined by the CDM), and

d) Allow the user to digitally pull the vessel apart, examine, explore and rotate the image and/or re-assemble as desired. The product will be housed within the St. Roch Shelter and public exhibit area
